

The World Congress on Controversies in Ophthalmology (COPHy) Prague, Czech Republic, March 4-7, 2010

April 19, 2009

Dear Prof. Nucci

We are organizing a new concept for a Congress in ophthalmology concentrating on **Controversies in Ophthalmology** based on similar Congresses which have been quite successful in other areas of medicine. The inaugural Congress is scheduled for Prague, Czech Republic during March 4-7, 2010.

The concept of the Congress entitled **World Congress on Controversies in Ophthalmology (COPHy)** is described in the attached file.

As an expert in Pediatric Ophthalmology, we would like to invite you to take an active part in the Congress as a Section Head in your discipline.

As a Section Head, not only would you be recognized as a leader of the program in all of our promotional materials but also you would be able to assist in designing the program, suggest speakers for talks within your section, review presentations and enduring materials relevant to your section for approval for CME credit, moderate a session within your area of expertise, and participate in one or more controversy presentations.

We also would be honored to have you assist us with promoting the Congress to your colleagues around the world and contacting any foundations or industries which you believe might be interested in defraying the costs of the Congress and its attendees.

For your efforts, ComtecMed would provide an honorarium of \$1000 plus provide your travel expenses (including air fare and hotel accommodations) for the meeting.

Please feel free to contact either one of us with any questions or comments over the next week. If you can confirm the acceptance of the above by Wednesday, April 29, 2009, you then will receive a formal letter of invitation from Comtec Med.

Looking forward to hearing from you in the next few days.

Sincerely,

Neil M. Bressler, MD

Anat Loewenstein, MD
